

# CEBioS<sup>o</sup>

## COLLOQUIUM

**Organised by CEBioS**

*Capacities for Biodiversity and Sustainable Development*

**BIODIVERSITY FOR DEVELOPMENT-  
A WAY FORWARD TO THE SDGs**

**May 28th, 2018 (09.00-18.45)**

**Royal Belgian Institute of Natural Sciences**

[\(RBINS, Rue Vautier- Vautierstraat 29, 1000 Brussels\)](#)

*How does development cooperation take biodiversity into account?*

*How does the support for biodiversity conservation, provided by Northern countries, contribute to poverty eradication in developing countries and to achieving the Sustainable Development Goals (SDG) ?*

In order to address these questions, be welcome at this colloquium. It is organised to celebrate 5 years of the CEBioS-program, a program developed to support the conservation and sustainable management of biodiversity linked to poverty eradication in partner countries of the Belgian Development Cooperation.

**Belgium**

partner in development

## OVERVIEW OF THE PROGRAM

*Languages : French and English*

### Morning session:

- Presentation of the activities of **CEBioS** and its partners
- Speakers: **CEBioS** and partners from Benin, Burundi, DR Congo, Ivory Coast, Morocco and Belgium

### Afternoon session:

- Biodiversity in development cooperation
- Speakers: Belgian and international actors of development cooperation and of biodiversity conservation in the South
- **Panel discussion:** does a more thorough knowledge and management of biodiversity lead to poverty reduction? How is this principle integrated in development cooperation?

### Reception

### For whom?

- Actors of development cooperation
- Actors of biodiversity conservation in the South (including scientists)
- Anyone interested in the theme of the day
